CAMP SACRAMENTO

**In Recognition of Providing Generations of Families a True Camp Experience
“Optimizing the Experience of Living”**

From its inaugural season in 1920, Camp Sacramento has provided life-enriching summer camping experiences for families, children, seniors, and people with disabilities, as well as facilities for special-sized group utilization such as retreats and outdoor education. Located in El Dorado County in the Eldorado National Forest at 6,300 foot elevation, the camp, while primarily serving residents of the City of Sacramento, has welcomed guests from throughout California.

Families have enjoyed Camp Sacramento for generations. Some youngsters who grew up at Camp have become seasonal employees, met their spouses, and continue to bring their children and grandchildren to Camp.
